Introduction

I am delighted to introduce this syllabus containing details of grade exams for keyboard instruments.

Like all Trinity College London ('Trinity') syllabuses, this syllabus is designed to enable candidates of all levels and abilities to demonstrate their skills in a way that suits their individual needs as learners. It does this by offering unrivalled flexibility of choice within each section of the exam, as well as giving candidates the opportunity to express their own musical identities through options to improvise and perform original compositions. Underpinning these innovative features is a uniquely diagnostic mark scheme, ensuring that candidates receive precise and specific feedback to inform their continued learning.

Trinity aims to treat each candidate individually when considering how we can make our exams accessible to all, recognising that requirements vary. Please visit www.trinitycollege.com/music ('our website') for more information or contact us directly to discuss any specific requirements.

We hope you enjoy exploring the music on offer in this syllabus, and we wish you every success in your exams and wider music-making. Further information on all our exams, as well as additional supporting materials for teachers and candidates, can be found on our website.

Francesca Christmas

Head of Academic Governance - Music

Trinity accepts entries for its exams on the condition that candidates conform to the requirements of the appropriate syllabus. Any amendments to the requirements will be published and advertised via our website and in subsequent imprints.

Trinity College London is an awarding body recognised by the Office of Qualifications and Examinations Regulation (Ofqual) in England and the Welsh Government (WG). Trinity's qualifications are regulated by these authorities within the Qualifications and Credit Framework (QCF). Various arrangements are in place with governmental education authorities worldwide.

In the UK, Trinity's Grade 6-8 exams can contribute towards entry into higher education through the allocation of UCAS points. Please see page 80 for further information.

Why take a Trinity grade exam?

Recognising that there is no single approach to musical assessment, Trinity's grade exams are guided by a core philosophy of flexibility, placing the needs of individual candidates at the heart of the exam. This is done by:

- ▶ offering freedom of choice within the exam to enable candidates to play to their strengths
- ▶ examining real musical skills that are specific to each instrument or the voice
- ▶ allowing candidates to express their own musical identities through options to improvise and present original compositions
- ▶ using a diagnostic mark scheme, offering precise and specific feedback to inform continued learning
- ▶ linking closely with Trinity's other music qualifications to provide flexible progression routes
- ▶ drawing on Trinity's many relationships around the world to feature repertoire inspired by a range of musical genres, as well as exciting new works by up-and-coming composers.

As well as incorporating these innovative features, Trinity's grade music exams are delivered by a panel of friendly examiners who are rigorously trained and standardised. This aims to create a positive and personalised experience for all candidates.

Range of qualifications

Trinity's music qualifications offer flexible progression routes from beginner to advanced levels in a range of musical genres. All are designed to help candidates develop as musicians according to their individual needs as learners.

Grade exams assess a broad range of musicianship skills, including performance, while certificate exams focus entirely on performance, including separate marks for stagecraft. Candidates can enter any combination of grade or certificate exams, and do not need to pass any particular level in order to proceed to a higher level.

Each level features an equivalent grade theory exam, supporting candidates in developing their understanding of the technical language of music. However, no theory qualifications or other prerequisites are required to enter grade or certificate exams at any level.

After Grade 8 or the Advanced Certificate, candidates can progress to diplomas at associate (ATCL), licentiate (LTCL) and fellowship (FTCL) levels. These assess higher skills in performance, teaching, theory and composition. Adults who work as music educators may also wish to consider Trinity's Level 4 Certificate for Music Educators (Trinity CME).

This syllabus focuses on grade exams in keyboard instruments. Visit our website for more information about other grade exams, certificate exams, diplomas, the Trinity CME, and Music Tracks – an initiative designed to support teachers in delivering large- and small-group instrumental tuition.

Comments and marks are given for each section of the exam, up to the maximums listed in the table above. It is not necessary to pass all sections or any particular section in order to achieve a pass overall. The total mark for the exam corresponds to different pass/below pass bands as follows:

Candidates may present the sections of the exam in an order of their choice, and should indicate their preferred order on the appointment form. This should be given to the examiner at the start of the exam. If no preference is indicated, pieces are heard first in exams for accompanied instruments, and technical work is heard first in exams for unaccompanied instruments.

Exams are designed to allow sufficient time for setting up and presenting all sections.

Pieces

Electronic keyboard

Piece choice and programming

- Candidates must perform three pieces, and are encouraged to present a balanced programme.
- Candidates may choose any three pieces from those listed for the grade. Initial-Grade 5 candidates may substitute one piece for an own composition (see page 13). Grades 6-8 candidates may substitute one piece for an own composition (see page 13), or for a piece of their own choice, or for their own arrangement of a piece of their own choice (either a keyboard or a non-keyboard piece).
- Own choice pieces and arrangements must be comparable in technical and musical demand to the pieces listed at the same grade. Pre-approval of own choice repertoire is not required, but marks may be deducted if the demands of the piece are not appropriate for the grade.
- The lists contain pieces where there is greater opportunity for more individual interpretation and also pieces with substantial opportunities for improvisation.

Own interpretation

- The aim of these pieces is to allow the candidate to create a personal arrangement with as much artistic and musical flair as possible in line with the expectations for the grade.
- Voice(s) and style are chosen by the candidate and the music should be adapted by changing rhythm, register or even harmony to produce a creative response.
- Auto intros/endings are not permitted, although the candidate may compose and perform their own intro/ending.

Improvisation

- ▶ The aim of the improvisation pieces is to encourage creativity and originality.
- ▶ Candidates must not bring additional notation or written-out solos to the exam and the improvising must have a sense of spontaneity.

Chords

- ▶ Single or fully fingered chords can be used at the candidate's discretion, though at higher grades the chords required may not be available as single fingered chords.
- ▶ Candidates are free to use their judgement in choosing spacing and arrangement of the notes according to the most convenient fingering.

Set up

- ▶ Efficient setting up is a major part of the technique of the instrument and is expected to be carried out quickly and efficiently in all exams.
- ▶ Marks may be deducted for unnecessary delays in setting up for any part of the exam, including protracted delays at the start or between items, or restarts due to improper set-up.
- ▶ At the end of each piece the candidate should begin setting up for the next piece. 'Please set up for the next piece' is clearly marked in the music at the end of each piece in Trinity publications as a reminder.

Electronic organ

Piece choice and programming

- ▶ Candidates must perform three pieces, and are encouraged to present a balanced programme.
- ▶ Candidates may choose any three pieces from those listed for the grade. Candidates may substitute one piece for an own composition (see page 13), or for a piece of their own choice. Own choice pieces must be comparable in technical and musical demand to the pieces listed at the same grade. Pre-approval of own choice repertoire is not required, but marks may be deducted if the demands of the piece are not appropriate for the grade.

Organ

Piece choice and programming

- ▶ Candidates must perform three pieces, and are encouraged to present a balanced programme.
- ▶ Pieces by at least two composers should be played.
- ▶ Pieces are divided into two groups: group A and group B. Candidates must choose at least one piece from each group. The third piece may be chosen from either group, or may be the candidate's own composition (see page 13).

All instruments

Performance and interpretation

- ▶ All pieces must be prepared in full unless otherwise stated.
- ▶ Repeats of more than a few bars should not be played unless otherwise stated.
- ▶ All *da capo* and *dal segno* instructions should be observed.
- ▶ Cadenzas should be omitted unless otherwise stated.
- ▶ Candidates are encouraged to use appropriate ornamentation, particularly at Grades 6-8.

- ▶ All tempo and performance markings should be observed (eg Allegro, rall., *cresc.*). Metronome marks are given as a guide but do not need to be observed exactly, as long as the style and character of the piece is maintained.
- ▶ Candidates may perform any or all of their pieces from memory, although this is not compulsory and no additional marks are given for this.

Page turns

- ▶ The examiner will not be able to act as a page turner. Difficult page turns may be overcome by photocopying the relevant pages.
- ▶ A page turner may assist at Grades 6-8, but may only remain in the exam when required to turn pages.

Music and copies

- ▶ Candidates are responsible for obtaining the music for their exam in good time prior to entering. Candidates are advised to check the availability of pieces before deciding to perform them.
- ▶ Recommended editions are listed in the syllabus, but candidates may perform from any edition as long as it has not been shortened or otherwise simplified. Where a particular edition must be used, this is indicated in the syllabus. Product codes for publications are included where available.
- ▶ Guidelines regarding the legitimacy of all forms of sheet music can be obtained from the UK Music Publishers Association's Code of Fair Practice, available at www.mpaonline.org.uk. Candidates must comply with copyright and other intellectual property laws in the country where the exam is taking place.
- ▶ In accordance with the Code of Fair Practice, candidates must produce original copies of all pieces to be performed at the exam, even if pieces have been memorised, handwritten or typeset.
- ▶ Pieces where no original copy has been provided may be awarded no marks. Candidates must provide photocopies of all pieces, except pieces taken from Trinity publications, to be performed as a reference for the examiner. Photocopies will be retained by the examiner and destroyed after the exam.
- ▶ Where music has been downloaded, candidates must bring proof of purchase or the web address where it was accessed for the examiner's reference.

Instruments

Electronic keyboard

- ▶ Candidates are responsible for providing their own keyboard, music stand, keyboard stand, power adaptor and seat (if required).
- ▶ A mains power supply will be available at centres but candidates should check with the representative to ensure it is within easy reach of the instrument.
- ▶ Candidates are responsible for the electrical safety of any equipment used in their exam.
- ▶ The steward will normally be responsible for assisting with the setting up and removal of the instrument but the candidate should have a full working knowledge of the set up procedure.
- ▶ It is recommended that instruments have the following specification:
 - range: minimum 4 octaves (Initial-Grade 1); minimum 5 octaves (Grades 2-8)
 - keyboard: full-size keys
 - capability
 - from Grade 2: minimum 16-note polyphonic capacity; a range of individual voices and rhythm styles; dual voice/layer
 - from Grade 3: registration memory; touch sensitivity option
 - from Grade 5: left split point
 - from Grade 6: a minimum of 8 registrations which can be pre-programmed before the exam; touch sensitivity (compulsory); left voice; accompaniment split point; pedal function with different settings to include sustain, registration change, fill, rhythm start/stop; pitch bend function with moveable range; octave transpose for both right and left voices; chord settings to include fingered chords, fingered on bass and full keyboard chords.
- ▶ All pieces and tests will be assessed on the musicality of the candidate's performance and not on the capacity of the instrument itself. However, performances that fail to realise a large amount of the performance information on the printed score will not be able to attract high marks.
- ▶ Candidates may therefore adapt the music, making use of the resources available. Any changes must not substantially alter the character of the pieces (eg changing Clarinet/March to Electric Guitar/Ballad).
- ▶ Up to and including Grade 2, candidates using keyboards without registration memory may find it necessary to alter the voice from that stipulated in the music to facilitate quick changes; for example, by selecting voices with near or adjacent menu locations which give a noticeable voice change.
- ▶ The ability to use dual voice and to program voice changes is important to build a musically interesting performance.
- ▶ The use of volume control is important to add interest and shape and should follow the dynamics marked in the score. Volume may be varied manually, through foot pedals, or through a touch sensitive keyboard setting as appropriate.
- ▶ The use of Accompaniment B and, optionally, Accompaniments C and D at Grades 6-8, can also add a feeling of climax and direction.
- ▶ Left and Accompaniment Split Point functions are required at Grades 6-8. Pieces which require these functions have split points suggested for 5 octave keyboards where middle C is C3.

- ▶ Guides for use of Octave Transpose on 5 octave keyboards are printed on Grades 6-8 pieces which require this function.
- ▶ Further guidance on keyboard functions and a glossary of terms for Initial-Grade 8 are provided on our website.
- ▶ Candidates may introduce further changes according to the capabilities of their instrument, as long as they are musically appropriate.
- ▶ Auto intros/endings may only be used where indicated and must be integrated within the style and instrumentation of the piece. They should not exceed four bars in length.
- ▶ Pre-recorded material is not permitted in electronic keyboard exams, but registration memory facilities may be used.

Electronic organ

- ▶ Arrangements over instruments must be discussed and agreed with the representative well in advance of the exam date.
- ▶ Instruments must be installed before the start of the exam day and not removed until the end.
- ▶ Instruments must have a pedal board with a compass of at least one octave.
- ▶ Candidates have freedom of registration as appropriate to the music played.
- ▶ Style should be used at all levels where this enhances the performance.
- ▶ Electronic organs may be pre-programmed with the following only (the use of disks to facilitate this is acceptable):
 - control data
 - registration changes
 - pedal functions
 - footswitches
 - knee lever.
- ▶ The repertoire for electronic organ and organ is not interchangeable.

Organ

- ▶ Arrangements over instruments, venue and location must be discussed and agreed with the representative well in advance of the exam date.
- ▶ Instruments must be installed before the start of the exam day and not removed until the end.
- ▶ If the exam is held in a public building, arrangements must be made to ensure there is no audience present.
- ▶ Candidates may play a conventional pipe organ, a pipeless analogue electronic organ, or a computer organ.
- ▶ Candidates should always check that the instrument they are using is adequate for the requirements of the pieces they are performing in the exam.
- ▶ Candidates have freedom of registration as appropriate to the music played.
- ▶ Memory features other than adjustable pistons and the use of sequencers are not permitted.
- ▶ The repertoire for organ and electronic organ is not interchangeable.

Electronic keyboard glossary of chords

The glossary of chords below indicates the meanings of the chord symbols used in pieces published by Trinity. It is not intended that these examples represent the way each chord must be arranged within the pieces; candidates should use their judgement to choose spacing and arrangement of the notes according to the most convenient fingering. Single fingered or fully fingered chords can be used at the candidate's discretion, though in the higher grades the chords required may not be available as single fingered chords.

The following examples indicate the meaning of the chord requirements across Initial-Grade 8.

The diagram displays 21 chord symbols in boxes, each positioned above a bass clef staff. The symbols are arranged in three rows:

- Row 1: C, Cm, C⁶, Cm⁶, C⁷, Cmaj7, Cm⁷
- Row 2: Cm⁷(b5), C^o, C^o7, C⁺, C⁹, Cadd9, Cm⁹
- Row 3: C7(#5), C7(b9), Csus4, Csus2, C7(b5), C/G

This glossary of chords is also provided on our website.

Own composition

Candidates can choose to present an own composition as one of their pieces. The focus of the assessment for this is on performance, using the same assessment criteria as for all other pieces. Marks will not be awarded for the quality of the composition.

Candidates should note that:

- ▶ the technical and musical demands of the own composition must be comparable to the pieces listed at the same grade
- ▶ own compositions should largely be candidates' unaided work, although teachers may offer guidance as necessary
- ▶ own compositions at Initial-Grade 5 may be notated in any coherent form, including graphic score or lead sheet. Own compositions at Grades 6-8 must be notated on a staff. Marks will be deducted if notation is incomplete or inaccurate, or if the performance varies significantly from the notation
- ▶ notation may be handwritten, typeset or produced electronically
- ▶ a copy of the own composition must be given to the examiner at the start of the exam.

Mark scheme for pieces

Each piece is awarded three separate marks corresponding to three different musical components, allowing candidates to receive precise feedback about specific aspects of their performance. These marks combine to give an overall mark for the piece.

The three components are as follows:

- ▶ fluency and accuracy: the ability to perform fluently, with a stable pulse and with an accurate realisation of the notation
- ▶ technical facility: the ability to control the instrument effectively, encompassing the various technical demands of the music
- ▶ communication and interpretation: the interpretation of the music and the way the performance conveys a sense of stylistic understanding and audience engagement.

Marks are awarded for these to form a maximum total mark for each piece as follows:

	Maximum mark
Fluency and accuracy	7
Technical facility	7
Communication and interpretation	8
Total mark for each piece	22

Total marks awarded for pieces correspond to the pass/below pass bands as follows:

Total mark for each piece	Band
19-22	Distinction
16-18	Merit
13-15	Pass
10-12	Below pass 1
3-9	Below pass 2

Further information about this mark scheme and the assessment criteria that support it is available on our website.

Technical work

This section of the exam supports the development of technical skills by assessing candidates' performance in a range of technical work options.

Electronic keyboard

Candidates choose one of the following options:

- ▶ scales and chord knowledge
- ▶ exercises

Scales and chord knowledge should be performed:

- ▶ on a piano voice
- ▶ from memory
- ▶ with no additional voice, accompaniment, rhythm or metronome click
- ▶ with the master volume set to 50-75% of maximum resulting in a *mf* to *f* dynamic level
- ▶ in similar motion, except where stated [scales]
- ▶ ascending and descending, with the right hand one octave higher than the left hand unless otherwise stated [scales]
- ▶ an octave higher or lower if necessary to accommodate the range of the instrument
- ▶ at the required tempo – see the tempi listed at each grade and in the relevant Trinity book [scales].

Electronic organ and organ

- ▶ Scales and arpeggios are to be performed from memory.
- ▶ In the organ syllabus, music may be used for the pedal study at Grades 6-8.
- ▶ In the electronic organ syllabus, pedal sustain, if present, should be switched on for scales and arpeggios.

Further information about specific technical work requirements for each grade is given in the relevant sections of this syllabus.

Mark scheme

Technical work is awarded a single mark that corresponds to the pass/below pass bands as follows:

Mark	Band
13-14	Distinction
11-12	Merit
9-10	Pass
7-8	Below pass 1
1-6	Below pass 2

Information about the assessment criteria that support this mark scheme is available on our website.

Supporting tests

This section of the exam supports the development of broader musical skills by assessing candidates in two different supporting tests. At Initial-Grade 5, candidates must choose two supporting tests from the following options:

- sight reading
- aural
- improvisation
- musical knowledge

At Grades 6–8, all candidates are assessed in sight reading, and must choose between aural and improvisation for their second supporting test.

Mark scheme

Each supporting test is awarded a single mark that corresponds to the pass/below pass bands as follows:

Mark	Band
9-10	Distinction
8	Merit
6-7	Pass
4-5	Below pass 1
1-3	Below pass 2

Information about the assessment criteria that support this mark scheme is available on our website.

Sight reading

This test assesses candidates' ability to perform an unseen musical extract, at a level approximately two grades lower than the exam being taken.

After setting up their instrument, candidates are given 30 seconds to study the test before performing it, during which time they may practise any or all of it aloud. The examiner does not mark this preparation period.

Examples of sight reading tests for Initial-Grade 5 can be found in Trinity's *Sound at Sight* series, available from www.trinitycollege.com/shop or your local music retailer.

Candidates for electronic keyboard Initial-Grade 5 exams may choose between two different ways of performing the sight reading test; either with single-fingered chords with rhythm and accompaniment, or with fully-fingered chords without rhythm. Candidates for Grade 6-8 exams must perform the sight reading test using fully-fingered chords with rhythm and accompaniment. Specimen sight reading tests for Grades 6-8 are available to download from our website.

Tests comply with the musical parameters listed in the table overleaf. Lists are cumulative, meaning that tests may also include requirements from preceding grades.

Improvisation

This test assesses candidates' ability to improvise fluently, coherently and creatively in response to a musical stimulus. Candidates must choose a stimulus from the following options, indicating their choice of stimulus on the appointment form:

- ▶ melodic: based on a series of pitches
- ▶ rhythmic: based on a rhythmic idea
- ▶ chordal: based on a set of chord symbols

In the exam, candidates are presented with a notated stimulus, which the examiner then plays twice on the piano. Where a melodic or rhythmic stimulus is chosen, the examiner asks candidates to play or tap it back to ensure that they have understood it. Candidates are then given time to study the test before they perform it, during which time they may prepare their response aloud. At Initial-Grade 5, 30 seconds' preparation time is given. At Grades 6-8, 60 seconds are given.

Where a chordal stimulus is chosen, the examiner will give the candidate a copy of a two-stave piano score containing notated chords with chord symbols printed above. The examiner will play this through twice at a steady tempo. The candidate should then prepare and perform a short improvisation based on the given chords. Candidates can choose to perform the improvisation as a solo incorporating the chord pattern, or they may request that the examiner play the chords while they improvise above them. The phrase may be repeated several times, depending on length and speed, until the improvisation reaches a natural conclusion.

Stimuli comply with the musical parameters listed in the table below and opposite. Lists are cumulative, meaning that tests may also include requirements from preceding grades. Further guidance and example stimuli can be found on our website.

Musical knowledge (Initial-Grade 5 only)

This test assesses candidates' understanding of the pieces being performed, as well as their knowledge of notation and their instrument. It does this by assessing their responses to carefully graded questions based on candidates' three chosen pieces.

In the exam, candidates are invited to choose which piece they would like to be asked about first. The examiner then chooses a second piece for the remaining questions. Candidates' scores should be free of annotations which might aid their responses. The examiner usually points to the relevant part of the score when asking questions. American terms (eighth note, half note, etc) may be used as an alternative to English terms (quaver, minim, etc).

Example questions and responses are given in the table below. Further guidance is available on our website.

Information and regulations

The following section contains key information and regulations that apply to all of Trinity's graded music exams. Please note that Trinity's separate *Information & Regulations* booklet gives more detailed guidance and can be downloaded from our website.

Entry requirements

- ▶ There are no age requirements or limitations for any Trinity grade exams.
- ▶ Candidates may enter any combination of grades and do not need to pass any particular level in order to proceed to a higher level. In addition, no theory qualifications or other prerequisites are required to enter grades at any level.
- ▶ Candidates may enter for more than one grade exam in the same or different subjects at the same session, but no more than one entry will be accepted per candidate per session in the same grade and subject.

Candidates with special needs

- ▶ Trinity is committed to creating an inclusive environment where candidates with special needs are able to demonstrate their skills and feel welcomed. We aim to make our exams accessible to all. We treat each learner individually when considering how we can achieve this aim, recognising that requirements vary. Candidates can be assured that we do not compromise on the standard of marking or allow the quality of exams to be affected in any way. If a candidate has any special needs we will try to help. Of course we will not make any change that affects the assessment standards. We will treat each request individually, so please visit our website or contact us to discuss your requirements.

Exam centres

- ▶ Exams can be taken at one of Trinity's Public exam centres which are available throughout the world. Details of these are available on our website. Candidates should contact the local Trinity representative for more information.
- ▶ In the UK and Ireland, schools and private teachers with sufficient candidates may apply to enter under the Examiner Visit Scheme. Further details are available on our website.

Entry process

- ▶ Exam entries may be submitted by a teacher, parent or guardian, or by candidates themselves if they are aged 18 or over. Correspondence will be conducted with this person only.
- ▶ All entries must be made on an official Trinity entry form and sent to the local Trinity representative along with the correct entry fee in advance of the closing date for application to the exam. Closing dates and contact details for local representatives can be found on our website.
- ▶ Cheques should be made payable to Trinity College London. A receipt will only be provided if the appropriate section of the entry form is completed and a stamped addressed envelope supplied.
- ▶ Where possible, the Trinity representative will seek to meet a request for a specific exam date if it is clearly specified on the entry form, but this cannot be guaranteed. Requests for morning or afternoon appointments will be observed where possible, but requests for precise times cannot be accepted. Please note that exam dates may occasionally need to be changed from those published.
- ▶ By entering for a Trinity exam, candidates agree to abide by Trinity's regulations, syllabus requirements and the professional judgements of its examiners.
- ▶ Entries at one centre may be transferred to another centre for a fee, but cannot be deferred to a later exam session. In the case of a transfer, a new entry form must be completed and the appropriate fee must be paid (please contact Trinity's London office for further details). Entries may not be transferred from one candidate to another.
- ▶ Trinity is required to collect candidates' dates of birth in order to produce anonymised statistical information for various government and educational bodies. If this information is not provided on the entry form then the entry process may be delayed.

Inaccurate and late entries

- ▶ If an entry form is incomplete, it may be refused.
- ▶ Candidates' names as shown on the entry form will be used when producing certificates for successful candidates. Please ensure that all details on the entry form are complete and accurate.
- ▶ If you require a correction to be made on an entry form or to details held about you on Trinity's database, please contact your Trinity representative.
- ▶ Please note that entries will not be accepted if received less than 14 days before the exam date. Late entries received more than 14 days before the exam date may be accepted at the discretion of the Trinity representative, depending on availability. Please contact your Trinity representative before submitting a late entry.
- ▶ Entries which are received following the application closing date will be subject to the following surcharges:
 - for late entries received up to 21 days before the exam date:
+ 50% of the entry fee
 - for late entries received between 20 and 14 days before the exam date:
+ 100% of the entry fee.
- ▶ Trinity makes no guarantee that acceptance of a late entry will result in the exam taking place. If a late entry is accepted but an exam slot is not available, Trinity may at its discretion refund the entry fee, although the surcharge fee will be retained in all cases to cover administration costs.

Exam appointments

- ▶ Once the entry has been processed, your local Trinity representative will send an appointment form giving details of the date, time and place of the exam, along with the candidate's ID number and their instrument and grade. This will normally be sent 21 days before the date of the exam.
- ▶ If there are any errors in the information specified on the appointment form, please notify your Trinity representative immediately. An incorrect exam subject or grade cannot be altered on the day of the exam, but any misspelling of the candidate's name should be pointed out to the examiner.

- ▶ The appointment form must be handed to the examiner on entering the exam room. Before the exam, candidates should ensure that they have filled in the names of the pieces that they will be playing and their choice of technical work and supporting tests.

On the day

- ▶ Candidates are advised to arrive at least 15 minutes before the start of the exam to allow time for warming up and any other necessary preparation. Candidates who arrive late may find that their exam cannot be conducted, although every effort will be made to accommodate them.
- ▶ Public centres administered by Trinity will endeavour to provide waiting and warm-up facilities wherever possible, but Trinity cannot guarantee this.
- ▶ Candidates are responsible for their own property at all times. Trinity will not accept any liability in the event of candidates' instruments or other property being lost, stolen or damaged, either while in transit to or from the exam centre or at any time before, during or after the exam.

In the exam

- ▶ Each exam room is equipped with a tuned piano, an adjustable stool and a music stand. Where exams are taking place under the Examiner Visit Scheme, a digital piano may be used, as long as the instrument is sufficient to allow candidates to demonstrate the full extent of their musicianship. A digital piano may only be used where candidates have been notified in advance and have given their consent.
- ▶ Candidates may play a few notes before the exam begins to help them adjust to the acoustics of the room.
- ▶ The examiner may choose to curtail performances once they have formed a judgement.
- ▶ Generally, only one examiner will be present in the exam room. However, for training and quality assurance purposes, another examiner may also be present.

- ▶ Interpreters are allowed for candidates whose first language is not English and where candidates do not have sufficient English language fluency to meet the communication requirements of the exam. Candidates are responsible for all arrangements with and costs of interpreters, whose involvement must be agreed with the centre in advance of the exam. Interpreters must not assist candidates beyond interpreting. If the examiner suspects that interpreters are assisting candidates inappropriately, they will refer the matter to Trinity's Central office.

Recordings of exams

- ▶ Trinity audio records all grade exams for quality assurance purposes.
- ▶ Trinity exams are also sometimes filmed for training and quality assurance purposes. In such cases, Trinity will always seek permission from the candidate or parent/guardian first. Candidates may refuse to be filmed at any point and may request for footage to be deleted without giving a reason.
- ▶ All audio and visual recording devices will be discreet and should not cause any distraction to candidates.
- ▶ Examiners will not refer to recordings when making their assessments. Trinity's recordings of exams (film and audio) will not be released to candidates under any circumstances after the exam.
- ▶ Candidates and accompanists are not authorised to make any recordings of an assessment. If made, such recordings will be confiscated on the spot and may invalidate the exam.

Exceptional circumstances

- ▶ If candidates are ill and cannot take an exam as planned, the Trinity representative must be informed as soon as possible. The person who signed the entry form may apply to the Trinity representative for a re-entry permit by providing a medical certificate current for the date of the exam and the appointment form originally issued.
- ▶ The re-entry application must be made no later than 30 days after the exam date. The Trinity representative will forward the medical

certificate and appointment form to Trinity, who will issue a re-entry permit for an exam at the same level in the same subject.

- ▶ A re-entry permit can be used for an exam within 21 days to 12 months of the original exam date upon payment of 50% of the entry fee current at the new date of entering. If a permit is used towards entry for an exam at a higher level, any difference in fee is also payable.
- ▶ If candidates wish to postpone or cancel an exam, the original fee will not be refunded. There are special arrangements in case of genuine compassionate circumstances. Trinity will not offer re-entry permits for non-medical reasons, though sympathy will be shown to genuine cases in which appropriate evidence is provided.

Results, reports and certificates

- ▶ All candidates receive a written report. Examiners issue reports only to the Trinity representative, and are not allowed to give details of reports or results in any other way. In turn, Trinity representatives will despatch those reports to the person who signed the application form.
- ▶ Report forms are normally issued within a week of completion of a centre's exam session, although in circumstances where a particularly large number of candidates attended the same exam session, Trinity representatives may issue report forms on a fortnightly basis.
- ▶ In the case of successful candidates, results are provisional until confirmed by the issue of a certificate six to eight weeks after the end of the exam session.
- ▶ Certificates show the date, centre, subject, and level achieved by a successful candidate, as well as the name of their teacher and school (if requested). The personal details shown on certificates will be taken from those recorded on the entry form.
- ▶ Trinity cannot accept responsibility for the non-arrival of any exam report or certificate after it has been posted. Please refer to Trinity's website or contact your local representative for information about replacement certificates and certifying statements.

Syllabus infringements

- ▶ All syllabus infringements (eg choosing an incorrect piece or technical work item) will be referred directly to Trinity's London office by the examiner. Exam reports may be withheld until the outcome of any referral has been considered by Trinity. Depending on the severity of the infringement, marks may be deducted or, in extreme cases, the exam may be invalidated.

Academic investigations and appeals procedure

- ▶ Anyone who wishes to question the outcome of their exam result should refer to www.trinitycollege.com/appeals for full details of our academic investigations and appeals policy.

Policies

Equal opportunities

- ▶ Trinity is committed to providing equality of opportunity and treatment for all, and will not unlawfully or unfairly discriminate directly or indirectly on the basis of any characteristic.

Child protection

- ▶ Trinity College London exams are delivered in full compliance with the requirements of the UK's Children's Act 1989 and other relevant legislation. Trinity has also implemented a policy relating to child protection, full details of which can be found on our website.

Data protection

- ▶ Trinity College London is registered as a Data Controller with the Information Commissioner's Office in the United Kingdom under the Data Protection Act 1998. Please see our website for the most up-to-date information about its data protection procedures and policies. You can write to the Data Protection Officer at Trinity's London office for further information.

Customer service

- ▶ Trinity strives to update and improve its syllabuses where necessary. Amendments and additions are regularly published on our website, which is also a source of general information about Trinity and its products and services. A Customer Service Statement is available on our website.

Malpractice

- ▶ Trinity requires its registered exam centres to report any suspected malpractice by candidates, teachers or examiners. In situations where a centre is found to be inadequate or to be guilty of malpractice, either in terms of provision of facilities or in administration, the exam centre may be required to suspend all of its activities relating to Trinity exams until the cause of the problem is identified and rectified, if appropriate. In extreme circumstances, the centre may no longer be permitted to act as an exam centre registered with Trinity.
- ▶ In the very rare cases or circumstances where a centre or individual may be suspected of malpractice, Trinity will aim to minimise any inconvenience caused to any affected candidate, and would like to thank candidates, teachers and centre staff for their kind co-operation in reporting any suspected incident of cheating, thereby assisting Trinity in upholding the quality and integrity of its exam process.

UCAS points

In the UK, Trinity's Grade 6-8 exams can contribute towards entry into higher education through the allocation of UCAS points as follows:

	Grade 6			Grade 7			Grade 8		
	Pass	Merit	Dist.	Pass	Merit	Dist.	Pass	Merit	Dist.
Practical	25	40	45	40	55	60	55	70	75
Theory	5	10	15	10	15	20	20	25	30

Music publishers

Non-UK publishers may have different local agents in other parts of the world who may be able to supply music more easily or quickly. Details of these may be obtained by contacting the publishers directly.

Trinity cannot guarantee that music will always be in stock with local suppliers. Candidates and teachers should always check with the publisher before it is assumed that any item has gone out of print.
